## A MESSAGE FROM THE PRESIDENT

Dear NCJW GRS Friends,

As I continue my second year as President of NCJW Greater Rochester Section, I am struck by the strength and dedication of this incredible community. It is a privilege to lead an organization that has spent over 130 years advocating for justice, supporting those in need, and creating meaningful change. Our work is driven by the passion of our members, and together, we are making a lasting impact.

As we move through the heart of winter, Tu Bishvat—the New Year of the Trees—reminds us of growth, renewal, and our deep-rooted commitment to repairing the world. Even in the coldest months, we recognize the promise of what is to come, knowing that the seeds we plant today will shape the future. In uncertain times, this holiday teaches us that resilience and action go hand in hand. Now is the moment to reaffirm our mission, stand strong in our values, and continue building a more just and compassionate society.

NCJW GRS has never shied away from difficult work. In the face of rising challenges, we have remained a steadfast voice for women, children, and families. Whether through advocacy, education, or direct service, we are ensuring that our values translate into meaningful action. As we look ahead, we invite you to be part of this journey—whether by engaging in advocacy efforts, attending our programs, or simply staying connected.

This newsletter offers a glimpse into the impact we are making and the exciting opportunities ahead. Your involvement strengthens our collective voice, and your support makes it possible for us to continue this vital work. I look forward to all we will accomplish together in the months to come.

With appreciation,  
Ellie Rosenbloom  
President, NCJW Greater Rochester Section

## ALLERGY AWARENESS

### Be Prepared: Allergy Awareness & Epi-Pen Training Workshop

Allergies are on the rise—food, environmental, seasonal, and insect allergies affect more people than ever. In fact, studies show that food allergies in children have increased by 50% since the 1990s.

How can we keep those around us safe? Join us for a 90-minute hands-on workshop where you'll learn about allergy awareness, what causes anaphylaxis, and the do's and don'ts in an allergy-related emergency. Most importantly, you'll gain the confidence to recognize an allergic reaction and properly use an Epi-Pen when it matters most.

OPENING EVENT

# Save The Date

## September 9, 2025

Heather Booth is a lifelong activist, civil rights champion, and feminist icon whose work has shaped some of the most pivotal social justice movements of our time. From her early days organizing for civil rights in the 1960s to her leadership in the women's movement and progressive politics, Booth has dedicated her life to advancing equality, justice, and democracy.

A passionate advocate for reproductive rights, Booth founded the Jane Collective, an underground abortion service that provided safe procedures before *Roe v. Wade*. Her work in political organizing has influenced presidential campaigns, labor rights, and grassroots movements, making her one of the most respected strategists in progressive activism.

With decades of experience training and mentoring organizers, Booth continues to inspire new generations of activists, proving that lasting change is built through collective action, moral courage, and unwavering commitment to justice. NCJW GRS is excited to have Heather Booth in Rochester in September. More information coming soon!

Visit [ncjwgrs.org](http://ncjwgrs.org) for more information about this exciting event!

## PUBLIC AFFAIRS

NCJW GRS members had a blast celebrating Hanukkah at our Latkes and Lobby event on December 29th! We noshed on latkes with all of the traditional toppings (and a few fun additions like pomegranate seeds and lox), split sufganiyot the size of Goliath's head, and lit the menorah together. In between bites, we took advantage of NCJW National's website, which makes it incredibly easy to contact your elected officials about a variety of issues that NCJW cares about. We contacted President Biden urging him to publish the ERA (which he did!) and added our voices to the calls for Congress to pass legislation to further gun violence prevention. Bookmark [www.ncjw.org/act](http://www.ncjw.org/act) and check back often to see the different opportunities to contact lawmakers about issues that are important to you! Thank you to Public Affairs Committee members, Mollie Traub, Vancy Boyar, and Cindy Hirschberg for a successful event!

Repro Shabbat is an annual Shabbat celebration that honors the Jewish value of reproductive freedom. It takes place annually on Parshat Mishpatim, the reading of which contains the verses commonly referenced as the foundation of Judaism's approach to reproductive health, rights, and justice. Individuals and communities across the world gather to celebrate Repro Shabbat and the Jewish traditions it honors. Participation can take many forms. Jewish values compel us to support full access to safe and legal abortions. NCJW is collaborating nationally with many organizations to bring Repro Shabbat to communities across the country during the weekend of February 21-22, 2025. You can also participate from home!

Judaism offers a critical perspective on reproductive freedom that is too often unheard in our public discourse. Repro Shabbat is a time for communities and individuals to connect, educate, and activate towards a more just future.

# MEMBERSHIP

**Inclusion, Belonging, Participation**  
all words that fall under the umbrella of Membership.

**Inclusion** is the open door, the invitation extended to everyone who believes in our mission. NCJW GRS doors are open to all, you do not need to be Jewish or identify as female to be a member.

**Belonging** goes beyond inclusion; it is the feeling of being genuinely valued and part of the team. NCJW GRS is a grassroots organization of volunteers and advocates (the Team) who turn progressive ideals into action. Keeping our mission at the forefront of being inspired by Jewish values, we strive for social justice by improving the quality of life for women, children and families by safeguarding individual rights and freedoms. Our goal is to value every voice and member of our team. To ask our membership at large to be part of that team on all levels to uplift our collective mission.

**Participation** involves actively engaging in activities, discussions or decision-making processes. Letter writing, packing food baskets, assembling PAD kits, speaker events, this past year provided many opportunities to participate.

As an NCJW GRS member, we hope you share our message of **inclusion** and invite all those you know to join us. As a section, we strive to make sure everyone feels like they **belong** and are a valued member of our team. It takes every single voice, idea, and inspiration to make an impactful difference in our world. And we hope all our members find meaningful touchpoints of **participation** to engage in our work, at whatever level you choose.

## P.A.D. Off to a Good Start in 2025

P.A.D. got off to a great start in 2025. Our friends at Greater Rochester Association for Women Attorneys (GRAWA) held their sixth MLK Day of Service PAD party, purchasing, assembling, and donating 425 menstrual kits which were welcomed by Charles Settlement, Community Food Cupboard, Foodlink Health and Wellness Program (formerly MINO), and Refugees Helping Refugees.

There are a lot of components to a smooth running P.A.D. Project. One component is our sewists, like **Mollie Traub** and **Nancy LeVant**, who contribute many beautiful bags every year. A Jewish quilting club in California sends us 100 drawstring bags every year, and Genessee Valley Quilt Club and about five women we met through our connection with Sew Green Rochester, also sew bags for us. For the past year, Ansel Eklund, manager of Sew Green, has been giving us pre-cut bags so our sewists don't have to provide all the fabric and can get right down to sewing. We also have dedicated NCJW GRS ambassadors: **Brenda Comisar**, **Linda Bice**, **Mollie Traub**, and **Nancy Tinnis**, as well as PAD co-chairs **Gina Horowitz** and **Soralee Cook**, who come to the parties to be sure they run smoothly.

**Who receives the kits?** Recipient agencies include Action for a Better Community, AGAPE Haven of Hope, Brockport Migrant Education Program, Catholic Charities Family and Community Services, Dimitri House, House of Mercy, Mary's Place, People's Pantry, YWCA, and World Relief Western New York.

P.A.D., which stands for Providing Access and Dignity, began in 2014, when the New Projects Committee learned that there were women in our community who struggle to afford their basic monthly needs. We developed the P.A.D. Project to help. According to recent statistics, almost 35% of women in Rochester live below the poverty line. (Source: RMAPI: Rochester Monroe Anti-Poverty Initiative). This statistic is similar to what we found ten years ago, so the problem persists and we're happy to still be helping. In 2024, we donated 1937 kits, approximately 30,000 pads.

### Proposition 1: Supporters say enshrine rights; opponents say more details needed

On October 21, NCJW GRS was honored to participate in a panel discussion about the ERA ballot initiative organized by the First Unitarian Church Reproductive Justice Ministry. The proposition passed on November 7 with over 57% of voters showing support for the amendment.

Effective January 1, 2025, the New York State Constitution will include protections against discrimination “by any other person or by any firm, corporation, or institution, or by the state or any agency” based on “race, color, ethnicity, national origin, age, disability, creed, religion, or sex, including sexual orientation, gender identity, gender expression, pregnancy, pregnancy outcomes, and reproductive healthcare and autonomy.” The Equal Rights Amendment further clarifies that Article I, § 11 of the New York State Constitution does not invalidate or prevent any future law, program, or practice from preventing or dismantling discrimination (such as the New York State Human Rights Law). It also does not invalidate or curtail the free exercise of religion under Article I, § 3 of the New York State Constitution.

38 states have now ratified the ERA. On January 17, Biden declared ERA is “the law of the land.”
